Baker Member Benefits

Advocacy
Through ABA, provide guidance to Congress, Federal agencies, and state legislatures to protect your business from uninformed and costly rules and regulations.

Information
Learn about the topics important to your business through ABA meetings, events, communications, and industry research.

Workforce
Utilize ABA's specialized training and workforce development tools at all levels of your company – from the plant floor to the corporate office.

Solutions
Find solutions to your biggest baking manufacturing challenges. ABA brings industry professionals together to share best practices, ideas, and technologies.

ABA Represents
85% of the wholesale baking industry

Relationships
Meet leaders of the country's top baking and supplier companies and build quality relationships with industry peers through ABA's conferences and events.

"ABA is an industry association that is strong, vibrant, and fully focused on doing work on behalf of making the industry stronger, healthier, and protecting it from over-regulation."
— Fred Penny, Bimbo Bakeries USA

"If you're not engaged with the ABA, you're missing out on a lot of opportunities to improve your operations, to grow your knowledge base, and to help your business in the long run, both from the legislative perspective and from the opportunities to get together."
— Todd Wallin, Ellison Bakery
